Do Funcionário e de suas implicações

This article deals with job affairs and their socio-historical consequences. We will discuss how workers have been turned into a functionaries after the beginning of post-history by analyzing today's society from the point of view of the relation between work and functioning. We will also discuss the consequences of the modifications that go with the shift into post-history and their epistemological and socio-cultural implications to provide an analysis of Flusser's thinking on this matter.

Key words: Post-history, apparatus, programming, factory, history
